19TH ANNUAL BOG INSTALLATION CEREMONY 2022-23 AND HONORING MR. FAROOQ MEHBOOB, ASHRAE SOCIETY PRESIDENT

An evening to honor Mr. Farooq Mehboob on becoming the ASHRAE Society President

ASHRAE Pakistan Chapter had the honor of having the participation of Mr. Farooq Mehboob, founding member of ASHRAE Pakistan Chapter who reached the top slot of ASHRAE a truly unique feat as the Presidency moves for the first time outside of North America and Europe and into Asia and Pakistan.

The ASHRAE Pakistan Chapter, ASHRAE Region at Large and the Society itself is proud of Farooq Mehboob's achievement which is in line with ASHRAE's vision of Diversity and inclusiveness and opens up so many possibilities for our members worldwide.

We at the ASHRAE Pakistan Chapter were absolutely delighted to organize this event in his honor along with the Installation of the new Board of Governors of our Chapter under the leadership of our dynamic new President Mohammad Omer Khan.

Mr. Farooq Mehboob, Fellow ASHRAE and a Life Member is ASHRAE's President for the 2022-23 term. Farooq Sb previously served on the ASHRAE Board of Directors as President-Elect, Treasurer, Vice President and Region-At-Large Director and Regional Chair.

For his time and commitment to ASHRAE and the HVAC&R industry, Mr. Farooq Mehboob is the recipient of the Distinguished Service Award and the Regional Award of Merit. As director and regional chair, Farooq Mehboob worked hard to improve communications and became a true advocate for ASHRAE's globalization efforts. In 2016, Farooq Sb was a part of ASHRAE's first international board meeting in Bangkok.

Mr. Farooq Mehboob's theme for the 2022-23 ASHRAE Society Year is

"Securing Our Future."

"A meaningful and powerful future will not come to us...we must collectively seek it...create it...SECURE it. And that's what we'll do because that's who we are. It's in our ASHRAE DNA. We need to be diverse, equitable and inclusive to see, understand and take advantage of what is changing, for our success. The two key prerequisites for ASHRAE's diversity are: transparency and participation."

In addition to his time served on the Board of Directors, Mr. Farooq Mehboob has served as chair of the Appointments Roadmap Committee, chair of the Publishing and Education Council, coordinating officer of the Conferences and Exposition Committee, coordinating officer of the Historical Committee, coordinating officer of the Training and Education Committee and coordinating officer of the Development Committee, among other participation.

UPCOMING EVENTS

International Exposition and Conference

3 - 4 December 2022, Karachi Marriott Hotel

The HVACR Trends Event is a two day expo and technical conference that focusses on subjects of vital importance to the Pakistan's HVACR market and built environment, whilst displaying all its related products and technologies. This provides an exceptional opportunity to all of the industry's stakeholders to come together on a single platform, to discuss, debate, educate, learn and become aware of the latest HVACR Trends and Innovations that impact our lives in the built environment and the world we live in, and to allow us to make the positive and responsible changes that are required, to build a healthy and sustainable built environment for all.

The theme for the HVACR Trends Event 2022, is **"Reducing Energy Costs in a time of Exploding Energy Prices"**, a topic whose relevance and criticality in Pakistan has recently skyrocketed with close to a 50% hike in all electricity, gas and water rates.

The poster features the HVACR Trends logo at the top left. The main title is "EXPOSITION AND CONFERENCE" in large blue letters, followed by the subtitle "On Heating, ventilation, air-conditioning and refrigeration technology focusing on REDUCING ENERGY COSTS IN A TIME OF EXPLODING ENERGY PRICES" in green and blue. The dates "3 - 4 December 2022 - Karachi Marriott Hotel" are in a dark blue box. The bottom left shows the BRG Events logo and "Event Manager" text. The bottom center says "Organized by ASHRAE Pakistan Chapter" with the website "www.ashraepakistan.com". The bottom right has a QR code. A circular graphic on the right side contains the text "ENERGY EFFICIENCY" and a line graph.
